Have It Your Way

Bliss has loads of features that have never been seen before to Joomla! If you're a newbie to Joomla, someone who has used Joomla before but doesn't know a lot of programming or you simply want to make template customization as pain-free as possible then you've come to the right place!

Have you ever wished a certain color was just a little different or maybe you tried to remove some button or graphic from a template and ended up wasting hours of time? Well the Have It Your Way features have fixed that!
