We included this month for Appwonder custom background colors that you can enter via the admin area. This allows you to give the different scroll to areas a unique look with their own color. You simply enter in a HEX color as seen in the below screenshot:

A screenshot of a web form with six rows, each containing a label and a text input field. The labels are: #s5_top_row1_area1, #s5_top_row2_area1, #s5_center_area1, #s5_bottom_row1_area1, #s5_bottom_row2_area1, and #s5_bottom_row3_area1. The input fields contain the following HEX color values: #C8E8E8, #578A75, #C8E8E8, #D9D9, #545454, and #C8E8E8.

#s5_top_row1_area1	#C8E8E8
#s5_top_row2_area1	#578A75
#s5_center_area1	#C8E8E8
#s5_bottom_row1_area1	#D9D9
#s5_bottom_row2_area1	#545454
#s5_bottom_row3_area1	#C8E8E8
