The S5 Ultimate Drop Down is back! Use this drop down to wow your viewers and give them a truly unique visit when they come to your site! This is a great way to organize your data and free up valuable advertising space on your site. Simply publish any module to the positions drop_down_1, drop_down_2 or drop_down_3 and the S5 Ultimate Drop Down will automatically appear.

Featues:

- Set your own drop down speed
- Contains module positions drop_down_1, drop_down_2, drop_down_3
- Auto adjust to the height of your content
- Set your own open and close text
- Fully powered by S5 Effects
