1. Search Setup

- Publish the default Joomla search module or the S5 Live Search module to the 'search' position.
    - Set the margin-left of the search to -20 in the module's backend.
    - This position was only designed for search modules, not content.

2. Column Menu Setup

- There are no menu style suffixes applied under advanced parameters.
- The menu style should be set to list.

3. Footer Menus

- Publish any menu to the footer-4 positions.
- The menu style should be set to list

4. Bottom Menu

- Publish any menu to the bottom position.
- Set your menu style suffix to "-bottom" under advanced parameters.
- The menu style should be set to list
