---

We included this month for Appwonder custom background colors that you can enter via the admin area. This allows you to give the different scroll to areas a unique look with their own color. You simply enter in a HEX color as seen in the below screenshot:

A screenshot of a web form with six rows, each containing a label and a text input field with a pre-filled HEX color value.

#s5_top_row1_area1	#C8E8E8
#s5_top_row2_area1	#578A75
#s5_center_area1	#C8E8E8
#s5_bottom_row1_area1	#D9D9
#s5_bottom_row2_area1	#545454
#s5_bottom_row3_area1	#C8E8E8
