1. Search Setup

 - Publish the default Joomla search module or the S5 Live Search module to the 'search' position.
 - Set the width of the search to 35 in the module's backend.
 - This position was only designed for search modules, not content.

2. Column Menu Setup

 - Publish any menu module to the main body module positions on your site.
 - There should be no menu style suffixes applied under advanced parameters.
 - The menu style should be set to list.
 - You may assign any of this template's module class suffixes.
