**Note - The lytebox script is by default disabled. If you wish to use it you must enable this script in the template's configuration area. This also includes site shaper installations.**

**The already enabled LyteBox feature gives your site a dazzling picture display!**

Make sure to click on each of the examples.

LyteBox comes pre-installed with this template just follow the tutorials below to setup your images.

### Single Image Example

To enable use the following around any image:

```
<a href="http://www.yoursite.com/images/popup.jpg" rel="lytebox" title="Your Description."><p align="center"></p></a>
