1. Search Setup

    -   Publish the default Joomla search module, or S5 Live Search module to the 'search' position.
    -   Set the margin-left to 150 and margin-top to -27 in the module's   backend.
    -   This position was only designed for search modules, not   content.

2. Column Menu Setup

    -   Publish any menu module to the main body module positions on your site.
    -   There should be no menu style suffixes applied under advanced parameters.
    -    The menu style should be set to list.
    -   You may assign any of this template's module class suffixes.
