

Introducing Shape 5 Hire a Coder!

{social_icons}

Post and accept bids for FREE!

Need a programmer for your web project? With no hidden costs or fees, the Shape 5 Hire a Coder program is a free service offered to both paid and free members of our site. Anyone may post their project for free but only members with an active developer membership may bid on projects; this ensures that you are receiving bids from our top notch members!

Developer Members - Here is your chance to bring in new clients. Bidding on projects is totally free to any member with an active developer membership. Be sure to check our site often for new projects.

Why Use Shape 5 Hire a Coder - 1. It's free! Posting projects is completely free. There are no hidden costs or fees to post your projects.

2. Receive competitive bids on your projects and choose the one that is right for you.

3. Review a coder or post a review on a coder's work.
