

Shape 5 is against S.O.P.A. and P.I.P.A.

We are greatly concerned with the following bills being presented in the United States Congress right now. These bills have an underlying potential of removing the freedom of speech, and business development we've all experienced on the internet thus far. These bills would also hinder and kill jobs for people already in need of work. Please step up and take a stand against these bills by signing the following petition, it will only take a few seconds of your time:

<https://www.google.com/landing/takeaction/>

If you need more information just check out the internet's largest search engine and what they have to say:
