

## Joomla 3.5 Is Here!

Joomla has announced the official release of Joomla 3.5! This release brings 34 new features, including drag and drop images. You can read more about the update here:

<https://www.joomla.org/announcements/release-news/5654-joomla-3-5-is-here.html>

We have tested numerous Shape5 Vertex templates with 3.5 and have not found any problems with our products running in 3.5. We feel confident that you can safely upgrade any Vertex install.
